

# Edge Beveling Machines KF 6000 OPTIEDGE

## SKU : 101360

KF 6000 OPTIEDGE is a cost-effective portable edge beveler. Proven even under rough use conditions, this device is the optimal choice for chamfering or beveling plates from wide range of materials.

- powerful servomotor for infinitely variable

## TECHNICAL SPECS

### WORKING AREA

Guide bar length	9.06 in
Chamfer width, max.	0.39 in
Speed	6000 rpm
Angle adjustment	15 - 45°

### DRIVE CAPACITY

Motor rating main drive	1 Hp
-------------------------	------

### MEASURES AND WEIGHTS

Overall dimensions (length x width x height)	12 in x 10 in x 8 in
Weight	20 lbs

## PRODUCT DETAILS

- Proven under rough, commercial use conditions
- For deburring, chamfering, bevelling, and cost-effective weld seam preparation at straight workpiece edges
- One machine for two applications: Use directly at the workpiece to machine large dies, includes a special mount for easy change-over to stationary operation
- Suitable for steel, stainless steel, aluminum, non-ferrous metals and acrylics
