

SKU : 109538

For driving in and driving out arbors, bushings, spindles, pins, or for keyway broaching. These simple, yet highly stable C-frame presses are indispensable in many mechanics and repair shops.

- Compact design
- Heavy one piece casting design
- For a wide range of applications

TECHNICAL SPECS

WORKING AREA

Press force	15 kN
Throat depth	155 mm
Workpiece thickness (max.)	282 mm
Ram dimensions	35 mm x 35 mm x 450 mm

MEASURES AND WEIGHTS

Overall dimensions (length x width x height)	0.45 m x 0.2 m x 0.56 m
Weight	69 kg

PRODUCT DETAILS

Base is not included

- For press-fitting and pulling bearings
- Aligning, bending
- Broaching

KNUTH on YouTube Information to the point

On our YouTube channel you can find videos for nearly all machines from our program. We show the machines from current deliveries and you get an impression of the handling, the processing quality and the machining performance.

**Are you interested in a machine for which you cannot find a current video?
