

SKU : 112151

Sanding, grinding, and deburring of metal parts and tools. This series provides 3 common sizes up to a grinding wheel diameter of 300 mm, and features a powerful drive.

- Built for industrial use
- Standard delivered with the base
- Rigid design for minimum vibrations

TECHNICAL SPECS

WORKING AREA

Speed	2950 1/min
-------	------------

DRIVE CAPACITY

Motor rating main drive	0.9 kW
-------------------------	--------

MEASURES AND WEIGHTS

Grinding wheel dimensions	200 mm x 32 mm x 32 mm
---------------------------	------------------------

Weight	28 kg
--------	-------

PRODUCT DETAILS

- Heavy-duty design with rigid cast-iron body and maintenance-free motor
- Balanced rotor and premium bearings ensure quiet operation and optimum results
- Safety always comes first: emergency stop switch and safety observation shield
- Premium components for long tool life and endurance under rough workshop conditions

STANDARD EQUIPMENT

Base
Safety observation shield
2 universal corundum wheels
