

### SKU : 112152

Sanding, grinding, and deburring of metal parts and tools. This series provides 3 common sizes up to a grinding wheel diameter of 300 mm, and features a powerful drive.

- Built for industrial use
- Standard delivered with the base
- Rigid design for minimum vibrations

### TECHNICAL SPECS

#### WORKING AREA

Speed	2950 1/min
-------	------------

#### DRIVE CAPACITY

Motor rating main drive	0.9 kW
-------------------------	--------

#### MEASURES AND WEIGHTS

Grinding wheel dimensions	250 mm x 32 mm x 32 mm
Weight	32 kg

## PRODUCT DETAILS

- Heavy-duty design with rigid cast-iron body and maintenance-free motor
- Balanced rotor and premium bearings ensure quiet operation and optimum results
- Safety always comes first: emergency stop switch and safety observation shield
- Premium components for long tool life and endurance under rough workshop conditions

## STANDARD EQUIPMENT

Base  
Safety observation shield  
2 universal corundum wheels
