

Tube End Finishing Machines

RA 1

SKU : 130126

This practical helper for any workshop simplifies assembly and welding of tubes at a 90° angle. It also allows machining of different tube diameters with one device. An eccentric shaft ensures that only minimal effort is needed.

- Horizontal and vertical use
- For dual and corner unions
- Quick and efficient

TECHNICAL SPECS

DETAILS

Diameter	27 mm - 43 mm
----------	---------------

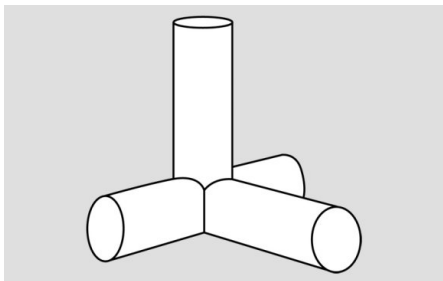

PRODUCT DETAILS

- For tubes with up to 5 mm wall thickness, steel or non-ferrous metal
- Several tube diameters combined in 1 device
- Horizontal and vertical operation
- Suitable for double-connection

STANDARD EQUIPMENT
