

Guillotine Shears

KHS E 1000

SKU : 132036

The KHS is the classic manual plate shears. And something like this should not be missing in any locksmith's shop, in order to separate something with a lot of momentum from time to time. The cast frame, stop and blade are so robust and solid that several generations can work with them.

- Adjustable table stop
- Manually adjustable back-gauge
- Hardened cutters
- Counterweight to improve operator comfort
