

Horizontal Mitre Cutting Bandsaws **HB 280 B**

SKU: 152797

The band saw of the HB B series is the entry-level model of the large workshop band saws. All functions are manual. The machine can also make miter cuts up to 45°, whereby the vise with the material must be swiveled. Low maintenance and robust, the speed can be regulated by an inverter. The saw frame feed is steplessly adjustable via a hydraulic valve and can also be adjusted during processing. Ideal for workshop and one-off production.

- Infinitely variable hydraulic saw
- Infinitely variable belt speed Vise rotates 45° for miter cutting
- Built-in coolant system with chip

TECHNICAL SPECS

CUTTING CAPACITIES

| Cutting capacity 0° (round) | 280 mm |
|--|----------------------|
| Cutting capacity 0° (square) | 280 mm |
| Cutting capacity 0° (flat) (length x width) | 350 mm x 200 mm |
| Cutting capacity 45° (round) | 240 mm |
| Cutting capacity 45° (square) | 210 mm |
| Cutting capacity 45° (flat) (length x width) | 240 mm x 180 mm |
| Cutting speed infinitely variable | 20 m/min - 100 m/min |
| | |

DRIVE CAPACITY

| Motor rating main drive | 1.5 kW |
|---------------------------|---------|
| Motor rating coolant pump | 0.12 kW |

MEASURES AND WEIGHTS

| Blade dimensions | 3400 mm x 27 mm x 0.9 mm |
|--|-----------------------------|
| Overall dimensions (length x width x height) | 1.8 m x 0.85 m x 1 m |
| Weight | 530 kg |

PRODUCT DETAILS

- Infinitely variable hydraulic saw advance ensures optimum cutting results and minimized tool wear
- Automatic shut-off upon completion of saw process
- Band break sensor activates automatic shut-off upon band break
- Helical gears, designed for continuous operation with above average life time and low maintenance
- Infinitely variable cutting speed from 20 to 100 m/min Coolant system
- Rigid guide arms
- HB 280 B: the clamping jaws of the vise can be adjusted by 45°
