

Horizontal Mitre Cutting Bandsaws

B125 P

SKU : 470671

TRIAL MACHINE

The band saw is the entry-level model for workshops and hobbyists. As a compact solution in the field of horizontal miter band saws, it impresses with a swiveling saw arm that allows miter cuts of up to 60 degrees. The saw arm is guided by hand and is very well balanced. The compact band saw has a low-maintenance and robust drive.

- Saw frame made of gray cast iron, one-piece
- Saw frame can be swiveled up to 60° for miter cuts
- Compact design
- Base frame included

TECHNICAL SPECS

CUTTING CAPACITIES

Cutting capacity 0° (round)	127 mm
Cutting capacity 0° (square)	125 mm
Cutting capacity 0° (flat) (length x width)	125 mm x 130 mm
Cutting capacity (-) 45° (round)	135 mm
Cutting capacity (+) 45° (round)	90 mm
Cutting capacity (-) 45° (flat)	205 mm
Cutting capacity (+) 45° (flat)	90 mm
Cutting capacity (+) 45° (square)	90 mm
Cutting capacity (+) 60° (round)	45 mm
Cutting capacity (+) 60° (flat)	45 mm
Cutting capacity (+) 60° (square)	45 mm
Cutting speed infinitely variable	55 m/min

DRIVE CAPACITY

Motor rating main drive	0.55 kW
Supply voltage	230 V

MEASURES AND WEIGHTS

Blade dimensions	1440 mm x 13 mm x 0.65 mm
Overall dimensions (length x width x height)	1.23 m x 0.65 m x 1.32 m
Weight	40.7 kg

PRODUCT DETAILS

- Swivelling saw arm - enables angle cuts up to 60°
- Less material removal due to thin saw blade
- Precise cuts - stable construction prevents the blade from wandering
- Smooth, low-vibration operation
- The standard base frame gives the machine exactly the right working height
- The 220 V operating voltage makes the machine universally applicable

Standard Equipment

- 1 saw blade
- Base
- Vise
- Operation manual

KNUTH on YouTube Information to the point

On our YouTube channel you can find videos for nearly all machines from our program. We show the machines from current deliveries and you get an impression of the handling, the processing quality and the machining performance.

**Are you interested in a machine for which you cannot find a current video?
