

# Guillotine Shears **KHS E 1000**

**SKU : 832036**

**SLIGHTLY USED**

**The machine is slightly used and shows signs of wear. In addition, the machine also has various paint defects. Its functionality is not impaired and it comes with a 12-month warranty.**

The KHS is the classic manual plate shears. And something like this should not be missing in any locksmith's shop, in order to separate something with a lot of momentum from time to time. The cast frame, stop and blade are so robust and solid that several generations can work with them.

- Adjustable table stop
- Manually adjustable back-gauge
- Hardened cutters
- Counterweight to improve operator comfort
